

## **Director of Catalytic Development**

REV Birmingham, an economic development organization that stimulates business growth and improves quality of life in Birmingham's City Center and its Neighborhood Commercial Centers, is seeking a Director of Catalytic Development.

This dynamic and seasoned professional will be responsible for managing the Catalytic Development team to fill vacant spaces, create vibrancy and increase commercial occupancy in Birmingham's commercial centers. The team will focus on redevelopment projects, partnerships with private developers; property development and management of REV's real estate portfolio; as well as undertaking improvements in the public realm related to public art, infrastructure development or other concepts that encourage future investment from the public or private sectors. This professional will develop REV's CDE and financial incentive funds and manage the deployment of these funds.

Candidates expressing an interest in this position should have 10 + years' experience in positions involving similar job responsibilities and a Bachelor's degree in Business Administration, Real Estate Development, Finance or similar relevant field of study; post-graduate degree preferred. Experience in non-profit, finance, entrepreneurial or economic development environment desired.

For the complete position description candidates can visit: <http://tateassociatesllc.com/career/about-rev-and-our-director-of-catalytic-development/>

Interested candidates should submit a letter of interest, salary history and resume to [mtate@tateassociatesllc.com](mailto:mtate@tateassociatesllc.com) no later than May 5th. **Note:** Only resumes sent to this email address will be considered.

***Rev Birmingham is an equal opportunity employer.***
