## **CDFA Releases Redevelopment Financing Roadmap for Josephine County, OR** **—CDFA Brownfields Technical Assistance Program—**

Columbus, OH – The Council of Development Finance Agencies (CDFA) is excited to release the **CDFA Dimmick Campus Roadmap to Redevelopment** for the Josephine County, Oregon.

A team comprised of CDFA staff and technical assistance providers traveled to Josephine County, OR to provide recommendations for the financing of the Dimmick Campus, a block of brownfield sites with former medical and institutional uses. During a three-day visit, the team toured the project sites and met with several local officials and stakeholders.

“Josephine County really appreciates the help of the CDFA team in identifying and organizing our finance options for the redevelopment of the Dimmick Campus,” said Arthur O’Hare, Finance Director for Josephine County. “The team brought a scope of knowledge and experience beyond our local means, and provided us direction to move forward with the project.”

Emily Moser, CDFA Program Manager, remarked, “Based on the feedback we received from officials in Josephine County we are confident our recommendations will serve as a catalyst to help push their projects closer to redevelopment.”

Project Response Team site visits are available through CDFA’s Brownfields Technical Assistance Program, funded by the U.S. Environmental Protection Agency (EPA). Communities interested in being considered for a Project Response Team site visit must first participate in the **CDFA Brownfields Project Marketplace**.
