Third Frontier Grant Opportunities

In December, the Ohio Third Frontier (“OTF”) Commission will release two Requests for Proposals (“RFPs”). The RFP for the Biomedical Program (“BMP”) is open to any biomedical project but preference is being given to projects in cardiovascular, regenerative medicine, and orthopedics. The second RFP is open to any Medical Imaging Project (“MIP”). The goal of these programs is to accelerate the development and growth of the biomedical and medical imaging industries. Both RFP’s offer a matching grant of up to \$1.0 million to approved projects and organizations.

The OTF is a ten-year, \$1.6 billion initiative that represents the State’s largest-ever commitment to expand Ohio’s high-tech research capabilities and promote start-up companies to create high-paying jobs for generations to come. If interested in more details about these RFP’s, please contact us.

LNE Group is the #1 Third Frontier consulting firm **in the State of Ohio**. We have helped secure over \$20 million in Third Frontier Project support on behalf of our clients. With our deep experience in Third Frontier programs we have been able to secure more than 80 percent of the Third Frontier proposals we have submitted for our clients. If you require any additional information on Third Frontier programs or future RFPs please contact Michael DeAloia at mdealoia@lnegroup.com or Katie Hill at khill@lnegroup.com. The main LNE Group office number is 216-781-9000.
