

CDFA BROWNFIELDS TECHNICAL ASSISTANCE PROGRAM

PROJECT MARKETPLACE

Need Financing Assistance?

Enroll in a Brownfields Project Marketplace!

The Brownfields Project Marketplace is an open forum that connects communities looking to finance brownfield redevelopment projects with development financiers and brownfield project experts. Through the Marketplace, communities can engage in open discussion with experts, get answers to their financing questions, and come away with a better understanding of the resources available for their redevelopment projects.

Communities are asked to prepare a brief presentation on their redevelopment project and present it to our technical assistance partners in exchange for financing recommendations.

To enroll in a Marketplace, complete the online application. CDFA staff will follow up with you at the contact information you provide to confirm your submission.
